

## TS LUCKY BRUSHFIRE

**Date of Birth:** 08/22/2007  
**Registration 1:** TLBAA SI11659\*  
**Breeder:** Cedar Creek Cattle Company  
**Owner:** Terry and Sherri Adcock

Brushfire is a very tall, long bodied, red brindled steer with 89.50" TTT horns. He is 14 years old and was the first calf born after Terry and I started TS Adcock Longhorns in 2006. We knew he would live here his whole life so he was steered. His pedigree is full of the old genetics that has produced today's top longhorn animals. Brushfire eats treats out of our hands and likes to be scratched. He is an awesome guy and definitely a gentle giant.

**TTT:** 89.5000 on 12/22/2020
