Abigail has it all: great color, nice conformation, 89.125" TTT and a genetic makeup of some of the top longhorns in the industry present and past. Her sire is 81.50" TTT and her dam is 82.50" TTT. Her dam gave us 9 calves in the 9 years we had her and had a beautiful udder with lots of milk. Abigail has lost 3" off her right horn and still measures 89.1250" TTT. Abigail's offspring are Millennium Futurity eligible.

**TTT:** 89.1250 on 10/23/2024
